EIRPET FLEA & TICK COLLAR

FOR DOGS

(15% w/w diazinon)

Composition: Diazinon 15% w/w. Inert ingredients 85% w/w.

Worn as directed the collar will kill fleas and prevent further infestation for up to 4 months.

Directions for use: Open the blister and fasten the collar ensuring a comfortable fit. If fitted on a growing dog remember to loosen the collar as the dog gets bigger. For fully grown dogs correct fitting will allow two fingers to be inserted between collar and neck. Cut off excess collar extending beyond the buckle and dispose of safely. Flea kill begins almost immediately and re-infestation is prevented for the 4 months that the collar is worn. It is unaffected by water and need not be removed even when the dog is bathed. The collar does not give off harmful vapours, leak or stain the coat.

Contra indications:

1. No other insecticides should be used with the collar or within 7 days of removal
2. Do not use on sick or convalescing animals.
3. Remove the collar if any sign of skin irritation should occur.
4. Check the collar is not too tight to ensure against irritation.
5. Do not allow collar to come into contact with pregnant or nursing bitches.
6. Do not use this collar on dogs younger than 6 months.
7. Do not allow animals to chew collar.

Operator warnings:

1. Do not allow children to play with the collar.
2. Store in the unopened blister pack until ready to use.
3. Wash hands thoroughly in soap and water after handling the collar.
4. Diazinon is an organophosphorus compound; do not handle if under medical advice not to work with anticholinesterases.
5. Due to the potential risk of hypersensitivity to diazinon developing in humans, unnecessary handling of this product should be avoided.

Environmental warnings:

1. Any unused product or waste material should be disposed of in accordance with the current practice for pharmaceutical waste under National waste disposal regulations.

Pharmaceutical warnings:

1. Store below 25°C, away from direct heat or sunlight.

Keep out of reach of children.

For animal treatment only.
